Mayfest Accepting Musician Applications for 2010 Festival

Tulsa, OK., October 21, 2009 – The 38th annual Tulsa International Mayfest, May 13-16, 2010, is seeking performing artists for the 2010 festival. Mayfest features three outdoor stages where performers have the opportunity to receive exposure and recognition from over 350,000 attendees during the four- day festival.

All performers are asked to apply online at www.sonicbids.com where bands create an electronic press kit. Sonicbids is an online system that connects musicians and promoters. Over 60,000 gigs were booked last year on Sonicbids and with over 18,000 promoters using it including SXSW Music, Lollapalooza and the Warped Tour.

“Thanks to Sonicbids, our music lineup for the 2009 festival was one of the most diverse and of the highest quality Mayfest has recently experienced,” said Heather Pingry, Mayfest Executive Director. “We’re anticipating an even larger applicant pool for Mayfest 2010 and are excited to showcase these great musicians.”

The application deadline is January 15, 2010 and the application fee is \$10.00. Until October 31st, applicants can apply on Sonicbids to be considered for Mayfest 2010 early for only \$5.

Applicants can receive a direct link to the Mayfest Sonicbids application by visiting www.tulsamayfest.org/content.cfm?id=45. For questions regarding the application process, please email comments@tulsamayfest.org or call 918.582.6435.
