Mayfest Seeks Visual Artists for 2010 Festival

Tulsa, OK., November 2, 2009 – The 38th annual Tulsa International Mayfest, scheduled for May 13-16, 2010, is accepting applications from visual artists for the 2010 festival. Many artists who participated in the past three years have seen record sales and the same is expected in 2010.

In 2008, Mayfest joined other nationally known art festivals in utilizing a free, one-stop universal online application system, www.zapplication.org. The number of applicants is rising, and with it, the competition for booth space at Tulsa's renowned festival of the arts.

Created to promote the arts and humanities, this four day Tulsa tradition invites approximately 100 fine artists and 20 craftspeople to exhibit their work. Entries are professionally judged according to strict guidelines through a blind jury process. Please visit www.tulsamayfest.org or www.zapplication.org by January 22, 2010 to apply.

If you have any questions or need additional information, please email the Visual Artist Chair at vachair@tulsamayfest.org or call the Mayfest office at 918.582.6435.
